MEMORANDUM FOR THE RECORD

SUBJECT: Creditable Time for Home Leave.

STATINTL

Mr. [] asked whether an employee who serves on TDY for a period of 12 months at an overseas station and without a break in service or a change in location serves an additional 18 months under PCS assignment is eligible for home leave. Neither the statute nor the Civil Service or CIA regulations deal specifically with the point. However, the language of the statute is such that I believe service outside the United States does not have to be that of a PCS assignment. Hence, this employee would be entitled to home leave. I so advised Mr. []
